

SPIRITUAL PRACTICES AND HEALING ARTS OF ANCIENT AND MODERN MYSTERY SCHOOLS

Ancient wisdom school Initiates trained rigorously, demonstrating specific levels of mastery. They lived from the inside out – embodied, aware of their emotions and thoughts, capable of living as compassionate agents of change in all exterior circumstances. What does this mastery feel like? Why is it essential today? Come experience the answers for yourself!

Friday evening we'll explore generating and transmitting energy through different frequencies of the body, becoming healing instruments for self and others.

Sunday, we'll learn to:

- ❖ Create group coherency -- expanding awareness, accelerating direct experiences.
- ❖ Use breath awareness for diagnosing internal states of consciousness.
- ❖ Make friends with our emotions -- moving energy, releasing old blockages.
- ❖ Generate and channel sexual energy for vitality and compassionate connection.
- ❖ Awaken the true "lost symbol" – the unified heart energy.
