CROP CIRCLES & NEW CONSCIOUSNESS WITH ALAN STEINFELD

Tonight Alan Steinfeld will speak about the shift in awareness which is happening at this time on the planet. Focusing on the overall message of the crop circle phenomena and its vibrational impact, he will look at the nature of perception and the evolution of these communications. Alan believes that these formations are the work of an alien consciousness that is in fact a part of our greater humanity. He will cover the last 30 years development right up to what's happening today in a power point presentation and there will be time for a short meditation.

Alan Steinfeld is the founder of
www.NewRealities.com

a web portal for body, mind and spirit. His investigations into modern day mysteries have made him an authority in the metaphysical world. He is also a well-known talk show host in New York with in-depth interviews with Deepak Chopra, Caroline Myss, Alex Grey and Bruce Lipton and many other leaders in the field of consciousness.
