Kumara Serpent Healing is the pioneering work of Kwali Hari Bhajan Kaur. Based on the teachings of **Yogi Bhajan** and authenticated by **Shiv Charan Singh**. Activate your **Chakras** with the Ancient Technology of **Kundalini Yoga**. Purify with a Transformative Kriya, Group Meditation and Unique Healing Exchange with Live Serpents.

Harness the **Spiritual power** of each Lotus and align yourself with the 'Serpent of Light' that is the **Kundalini energy** of our Great Mother Gaia. Dedicate to Divinity and make yourself a moving prayer to heal the heart of the Earth and all living beings. Work with the **Serpents of the Golden Chain** to understand and strengthen your internal meridians, the Planets Ley-lines and The Unity Consciousness Grid. Harmonize with the energies of the **Aquarian Age** and move into the future free from fear with strength in your body, love in your heart and peace in your soul.

All Kumara Healing Serpents have been rescued by their guardian Kwali who has been working with snakes for over a decade and holds a full license and insurance to do so in public. All her snakes are her tamed personal pets and meet the animal licensing standards. All students are covered by her Public Liability insurance, should anything unusual happen. [This is for your peace of mind and required by law].
